

What our clients say...

KRB Installations have carried out work for the Mantles Group over many years. Their work has always been of an excellent quality, and they are very helpful and reliable. *Managing Director – Mantles Group*

KRB Installations have become a key partner within QED's business operations, providing invaluable consultancy and trade skills on commercial interior projects on short lead and contract periods. The nature of the commercial interiors industry demands an ability to interface with other trades and to find solutions to problems which may be encountered, skills which KRB Installations undoubtedly possess. *Projects Director – QED Limited*
