

# Full Support Healthcare

Huxley Close, Wellingborough

## Project: Warehouse Lighting

Full Support Healthcare is a leading supplier of single use gowns, drapes, masks and essential procedure packs to the healthcare industry.

The company's facility in Wellingborough needed to make maximum use of the available warehousing space and it was essential to deliver optimum light levels to enable swift and accurate order picking.

KRB provided a complete lighting design and installation service to meet the client's specifications.

### Summary:

- 30,000 ft<sup>2</sup> Warehouse facility
